

Explanation of Contact Lens Exam and Fitting Fees

Renewal of your contact lens prescription requires an annual contact lens exam. Your annual eye exam does not cover this additional service. The fee for the contact lens exam is \$55.00

If you are a new patient to our practice or a new contact lens wearer, you will require a contact lens fitting evaluation.

Fitting fees range from \$148 to \$378 depending on the complexity of the fit and the lens type you need for optimal vision.

Medically necessary contact lenses are not included in these categories and additional fees will apply.

All visits related to your contact lenses are covered for the first 90 days after your fitting is complete. After the 90 day period additional fees may apply.

If you are an established contact lens wearer of our practice and require a higher lens category for optimal vision at the time of your annual exam a refitting fee will apply.

The doctor and contact lens technician will explain which fitting is required prior to any services being provided.

Contact lens fees are nonrefundable.

PLEASE MAKE SELECTION AND SIGN BELOW

_____ **YES... I would like a contact lens evaluation today in order to update my contact lens prescription and have the ability to purchase contacts for the next 12 months. I understand that the fitting fee must be paid at the time of service.**

_____ **NO... I do not want a contact lens evaluation today and I understand that I will not be able to purchase contacts without an updated contact lens prescription.**
